Lisa Henderson Textiles reinterprets classic style in fresh and colourful designs
Dallas-based Lisa Henderson set up her eponymous interior design studio in 2010 and launched her fabric and wallpaper collection shortly afterwards. Inspired by travel, architectural details and heritage patterns, Lisa Henderson Textiles' designs have a timeless feel. In this bedroom, the curtains, headboard and valance are all in 'Fante Italiano' cotton/linen in blues and the wallpaper is 'Hecho en Tejas', with a design inspired by rural Texas. liahendersoninteriors.com
